

Information below in relation to areas discussed at Parents' Association meetings

5th Year Irish

2nd honours class using a pass book.

- This has been the practice for a number of years.
- The Irish dept. made this decision as the feeling is that the book is too difficult for the 'lower' honours class.
- There are plenty of sections of the 'pass' book that they can dip in to.
- Equally, the teachers would be supplementing with their own notes / PowerPoints etc.

Supervised Study

- I checked with Ms Farrelly, similar to myself and she isn't aware of an issue with disruption in study.
- We have a staff meeting today (05.10.2017) and I will highlight this issue to ensure that there is consistency across the board.

Prefects

- I personally met with the prefects-elect and explained the situation and rationale for our decision to them.
- A number of them were not aware that they were automatically selected for the position next year if they want to occupy it.
- They all seemed happy that this was the case.
