Dear Parent/Guardian,

As one of their tasks in year 2 of the LCA programme, all students must start a Practical Achievement Task in the coming weeks. This task will be examined in late January/early February.

For this task, each student undertakes a practical activity outside of school over a period of approximately 10 weeks. This task must be chosen by the student. Opportunities may come from community involvement, enterprise activity, sport, the development of a practical skill or their interests or hobbies.

It is intended that all activities undertaken as part of the task be conducted in a safe, positive and encouraging manner.

As part of the process students will be asked to fill in a logbook regularly and to collect evidence, such as receipts, certificates or photographs.

It is important that students receive guidance and support as they progress through the task and you as their parents and guardians can be very helpful in this, making sure that they attend their chosen activity and fill in their logbook once a week.

Thank you again for your help. Please feel free to contact me if you have any queries or need more guidance on this task.

Yours sincerely

Ciara McConnell

LCA Co-Ordinator
