New Online Payment Provider – Way2Pay

Dear Parent/Guardian

I am writing to inform you about our new online payment provider – **Way2Pay**. We have moved to this new supplier as they were the successful purveyor following a national procurement competition ran by the OGP.

We will be phasing out our dealings with our old provider – Wisepay. Any payments that have already started on Wisepay, will need to be completed on Wisepay e.g. the Ski Trip. But all new payments will be set up and paid using **Way2Pay**.

Way2Pay operates in much the same way as our old provider with one difference: you can pay via your smart phone. By paying via your smart phone, you do not need a username and password to complete payment. This should make it much more convenient for parents to use. When there is something that needs to be paid:

- You will receive a text message from the school with a link in the text message;
- When you click on the link, it will bring you straight to payment;
- You enter your card details and complete payment there and then.

If you prefer, the option is there to pay online using a PC or other device. But using this route does require a username and password:

- You simply go to <https://www.way2pay.org/>
- Your mobile number (e.g. 353871234567) acts as your username and your password;
- Select what you need to pay for; and
- You enter your card details and complete payment.

As we expect the vast majority of payments to be made via smart phones, it is vitally important that we have the correct mobile phone number for parents and guardians. We are currently in the process of checking this with all students. On an ongoing basis, if you change your mobile number, you need to let the school office know – 0498541180.

I fully expect this new system to make paying for school fees much more convenient for parents.

Yours sincerely

Principal
